

[POP] BANK FOR CREAMSOURCE MICRO

POP banks attach directly to your fixture and do not require a Speed Ring or mounting frame. They are lightweight, collapsible and handcrafted in Colorado to Chimera's superior quality standards using field tested proprietary fabrics. This POP bank uses Chimera standard XS size front screens allowing easy compatibility with existing accessories, like grids. Our POP bank increases the aperture of the Creamsource Micro to 16" x 22" (406 mm x 559 mm) more than 4x. The POP bank (p/n 1619) is sold as a kit, with internal baffle, Full and Half Chimera Cloth front screens and is packed in a messenger style bag, all weighing less than 2 lbs (0.9 kg).

- Standard XS front screen
- Includes Full & Half Chimera Cloth front screens
- Works best with ezPOP Soft Egg Crates
