LIGHTTOOLS® SOFT EGG CRATES®

Chimera's Lighttools® Soft Egg Crates® Fabric Grids deliver the greatest range and control of soft light. Soft Egg Crates® are available in a wide variety of beam cut-offs. The original design has been copied but there is no match for the extensive range of products and impeccable quality. The collapsible, lightweight Soft Egg Crates® are manufactured in North America by skilled technicians using superior-quality fabric that is exclusive to Lighttools®.

- Create separation and depth
- Eliminate spill and flare
- Transport and store easily

Lighttools® ez[POP]® Soft Egg Crates® combine innovation in lighting and setup with a built-in tensioning frame; this keeps the Soft Egg Crates® taut and eliminates sag.

- Quick
- Lightweight
- Compact
